

JOB CORPS ...

IMPROVE YOUR BOTTOM LINE

What Is Job Corps?

Administered by the U.S. Department of Labor, Job Corps is the nation's largest **career technical training and education program** for students ages 16 through 24. Job Corps provides training and support services to more than 100,000 young people each year at 124 centers in 48 states, the District of Columbia, and Puerto Rico.

What We Teach

At Job Corps, **your workforce is our investment**. From the time a student enters the program until 21 months after graduation, we commit thousands of hours to **training and follow-up services** to make sure you get a great employee.

Class curriculum provides **hands-on experience** combined with **social skills training**, producing quality job candidates for your company. The program offers career technical training aligned with industry credentials in more than **100 areas**. Job Corps even offers students the chance to receive their high school diplomas or GEDs and begin earning credits for college coursework.

"My experience with Job Corps has been extremely positive. Job Corps graduates come here ready to work on their first day. They are well-trained on AAMCO services, procedures, and equipment. It's become an invaluable resource for saving time."

– Nancy Brown
AAMCO Transmissions, Technical Services Project Manager

... and many more!

 These career areas offer training in the latest green technology and industry-based practices to prepare graduates for careers in the green economy.

Save Time on Training

When Job Corps graduates become part of your staff, it won't be their first time in a professional environment. Job Corps centers work with nationally known employers, allowing students to benefit from internships through **Work-Based Learning**. Combining **out-of-class experience** with Job Corps' **rigorous training program** and **demanding academic curricula** ensures that students are well-prepared to excel in the 21st century workforce.

Save Money

Job Corps saves you money by providing you with trained and well-educated job candidates.

Partnering with Job Corps does even more than streamline your recruitment and training process. Businesses that partner with Job Corps may be eligible for a **Work Opportunity** or **Welfare-to-Work Tax Credit** when they hire a Job Corps graduate.

Increase Productivity

Since Job Corps students come to you with real-life work experience, training based on industry credentials, and hands-on classroom experience, they are able to concentrate on what they were hired to do: **work**.

And if that isn't enough, Job Corps graduates also work with career transition counselors for up to **21 months after graduation**. During this period, graduates are in regular contact with their counselors to receive assistance finding a place to live and investigating transportation options – all of the things that make for a smooth transition into the workforce.

Job Corps also recognizes there is more to a good employee than career technical training. While in the program, all Job Corps students adhere to a strict **Zero Tolerance Policy** for violence and drugs.

Administered by the U.S. Department of Labor, Job Corps is the nation's largest career technical training and education program for low-income students ages 16 through 24. Job Corps is a U.S. Department of Labor Equal Opportunity Employer Program. Auxiliary aids and services are available upon request to individuals with disabilities. TDD/TTY telephone number is (877) 889-5627.
